

For Sale : Stevens 1040 all steel cruiser

A brief description.

Stevens 1040 all steel cruiser for sale. Built in 1990 in Holland, this Dutch steel boat is in very good condition and ready to go, ideal for coastal and inland cruising with its low air draft.

A single economical diesel engine, large rudder and Bow thruster make this boat easy to handle.

The aft cabin consists of a fixed double with reading lights, 240v socket, a wardrobe and various cupboards for storage. There is an outlet for the hot air heating. Forward of this and on the port side is the toilet/shower with electric sea toilet. This can be diverted to holding tank or overboard. This area is tiled on the floor with h/c basin and cupboards below.

Up 2 steps to the saloon there is an L shaped seat and table with drinks cabinet to starboard, a free standing table and the downstairs helm to the port side. Access to the rear deck and the port side gunnel is possible through either of the two exterior doors in the saloon. Down 2 steps and the galley is to the port with hob, oven, sink with mixer tap and a 3 way fridge. To starboard is the dinnette which can seat 4 people and also drops down to make a double berth if required. Forward again there is a door into the front cabin with 2 vee berths which can also be made into a double. Storage is plentiful below the berths.

Asking price £61,950 o.n.o.
